

Devonshire

Client - SW Developers LLC
Firm - The Lannert Group

Devonshire was a project I worked on while at The Lannert Group in Geneva Illinois. The site was 80 acres in Valparaiso Indiana. Our firm completed inventory/analysis though conceptual design and created a full lotting plan before the development stalled due to the housing collapse.

Contents:

- Site Analysis - Line work in AutoCAD, rendering, labels, and sheet layout in Photoshop
- Concept Plan - (Hand line work done by others) line work in AutoCAD, Rendering, Labels, and sheet layout done in Photoshop
- Open Space Exhibit - (Rendering done by others) labels and sheet layout done in Photoshop
- Conceptual Entry Signage - (Hand line work done by others) hand rendered, sheet layout and labels done in Photoshop.
